

Limb Lengthening and Reconstruction Society: ASAMI–North America  
and  
Society of Military Orthopaedic Surgeons

Specialty Day Agenda

Friday, February 16, 2024  
San Francisco, CA

Learning Objectives

Upon completion of the activity, the physician will be able to:

1. Examine lessons learned from standing up osseointegration programs in both military and civilian settings;
2. Review infection outcomes, research, and tools available to treat bone infection following severe lower extremity injury; and
3. Evaluate the present state of the art in nerve and soft tissue recovery following severe lower extremity injury

1:00–1:09 p.m. Welcome, Introduction, Announcements, Disclosure  
*Christopher A. Iobst, MD and COL Daniel J. Stinner, MD, PhD*

Session 1: Osseointegration

Moderator: COL Daniel J. Stinner, MD, PhD

1:10–1:25 p.m. Building an Osseointegration Program at the Center for the Intrepid
