

## Limb Lengthening and Reconstruction Society: ASAMI–North America

### Mission

The LLRS will advance the field of limb reconstruction, by performing excellent research and education, with the ultimate goal of improving patient outcomes on a global scale.

### Vision

LLRS will be recognized as the authority on all aspects of limb reconstruction for patients young and old. They will be influential in developing new technologies and new surgical techniques. The LLRS will disseminate this information to others all with the goal of improving long term outcomes for the patients they serve.

As an AAOS specialty society, we are committed to the provision of educational resources, research, clinical excellence, and collegial cooperation.
